**Crash Narrative:**

MV #1 was driving Westbound on Waverly Street at approximately 30 to 35 mph, when pedestrian #1 stumbled backward off the curb and into the roadway. MV#1 then struck pedestrian, causing him to impact the windshield of MV #1 and then land in the roadway. Pedestrian was then transported by the Framingham Fire Department to U Mass medical center in Worcester, MA. Based on witness statements and observations by this reporting officer, it appeared that the pedestrian was highly intoxicated and fell backward into roadway. The pedestrian had minor superficial injuries. MV#1 appeared to have a broken windshield. There was no improper driving by the operator of MV#1.

Officer Narrative:

On 08-20-2011 I Officer Murphy was assigned to the front desk for the midnight shift. However, at approximately 00:49 hrs, I responded to 395 Waverley Street to assist with a motor vehicle accident involving a pedestrian and a Framingham Police marked cruiser. Once at said location, I was immediately approached by a male subject who stated that he observed the incident and would like to speak with an Officer. I then escorted the subject away from the scene and conducted a field interview. Upon doing so, the male was positively identified as a Mr. ██████████, Ashland Ma.

██████████ I then requested that Mr. ██████ provide a detailed description of what he had observed, to which he voluntarily agreed to divulge.

Mr. ██████ then stated that on this night, he was a patron of the "Happy Swallow Tavern," located at 398 Waverley St. At approximately 00:45 hrs, Mr. ██████ was standing outside of the front door of said location in order to smoke a cigarette. While doing so, Mr. ██████ did recall observing a man to be walking on the opposite side of the street, towards Concord St. Furthermore, the male appeared to be unsteady on his feet. After approximately 1-2 minutes, Mr. ██████ observed as the male appeared to "Sway off of the curb and into the roadway." It was at that time that the unknown male collided with an oncoming motor vehicle.

Mr. ██████ then stated that it was then and only then that he realized that the motor vehicle involved was a police vehicle. Furthermore, Mr. ██████ stated that the police vehicle was "traveling no more than 5 miles per hour over 30 miles per hour." In addition, Mr. ██████ observed that the police vehicle was operating "within it's travel lane, and did not cross over the white lines." Mr. ██████ also informed me that the police vehicle had activated it's emergency lights only after the collision with the pedestrian.

In addition, Mr. ██████ stated that he does not know, nor did he recognize the pedestrian involved. Lastly, Mr. ██████ stated: " The cruiser was not speeding at all. The guy (PEDESTRIAN) was swaying off the curb."
